

TNT Stars Summer Academics Program

We at TNT want to continue to award stars for academic progress, even during summer break.

Please note that this program is intended to help with learning and should **challenge your child**. Please be honest so that everyone benefits from this program.

The academic areas you can earn stars for during the summer are **Reading, Writing, and Math**.

To be able to get stars, the work turned in must

- 1) Be on a **TNT-approved form**
- 2) Have the child's **full name** on it
- 3) Be **neat and legible**
- 4) Be **hand-completed** (no typed work)
- 5) Be **correct** in terms of punctuation, grammar, and spelling (please write in pencil!)
- 6) Be **appropriate to the child's age** – and appropriate for turning in to the Masters
- 7) **Not be repeated** – only new work can be turned in as the summer goes on

The number of stars you get will be based on

- 1) The child's age and the grade the child is going into
- 2) How challenging the work is for that child*
- 3) Neatness and correctness

Please take a look at the forms and to get more forms, please ask your parents to go to our website where they can easily download and print. www.tntmaf.com

*If you feel your student has special circumstances that we should consider, please just stop by and speak any of us or Laura, or drop us a note in the red TNT folder.
